

# Petition to the Monterey County Board of Supervisors

# SAVE THE MARKS RANCH!

- We believe the land use designation for the Marks Ranch must insure that **Residential Development Never Occurs** on the Marks Ranch!
- The current designation says that **public facilities** are appropriate. *We agree!*
- We believe that if the Marks Ranch isn't used for the educational purposes for which it was donated to St. John's College, it should become part of Toro Regional Park, or otherwise remain as **Open Space**.
- *We urge the County Supervisors to adopt a General Plan that meets these criteria!*
