 Relative Seismic Shaking Hazards - Calif. Dept. of Conservation, Div. of Mines and Geology (1999).

Important Note:
 This map was produced all or in part from the probabilistic seismic hazard analyses of the California Department of Conservation (DOC), Division of Mines and Geology (DMG). That information is protected by United States Copyright Law. It can only be reproduced with the written consent of the State of California. For information, contact the California Department of Conservation, Division of Mines and Geology. Also, the seismic shaking databases files can not be distributed without written permission of DOC/DMG.

This map is intended for general reference purposes only, and not for site-specific evaluation of on-the-ground conditions. This map is based on known data available at the time it was produced, and there are no assurances as to its accuracy. Field verification of on-site conditions shall prevail over the information on this map.
